**SENATE BILL**

**No. 892**

---

**Introduced by Senator Corbett**

February 23, 2007

---

An act to amend Section 4565 of, *and to add Section 17523.5 to*, the Family Code, relating to family law.

LEGISLATIVE COUNSEL'S DIGEST

SB 892, as amended, Corbett. Family law: child support.

**Before**

(1) *Before* entry of a child support order, existing law allows a child support obligor to file an application with the court to reduce or eliminate the related child support security deposit, if specified conditions are met.

This bill would also require the child support obligor, after the filing of that application, to serve the application and supporting financial and other information upon the child support obligee and any other party to the proceeding.

(2) *Existing law obligates a parent to support his or her child. Existing federal law, Title IV-D of the Social Security Act, in connection with child support enforcement, requires the state to effect laws that require the use of certain procedures to collect unpaid child support debt, including liens that arise by the operation of law against real and personal property for amounts of overdue support owed by a noncustodial parent who resides or owns property within the state.*

*Existing law requires the Department of Child Support Services to administer all services and perform all functions necessary to establish, collect, and distribute child support, and requires the department and the local child support agency to promptly and effectively collect and enforce child support obligations. Pursuant to the above-described provisions of federal law, existing law further provides, when the local child support agency is enforcing a delinquent support obligation, for the creation of a lien against the real property, as defined, of the support obligor in specified circumstances.*

*This bill would authorize the transmission, filing, and recording of the lien that arises by the operation of law against the real property of the support obligor, pursuant to the above-described provisions of existing law, by means of a digitized or a digital electronic record, as provided.*

*The people of the State of California do enact as follows:*
